

# Australia's top scorer

Mr Scoreboards has been helping cricketers keep score since 1987. We have a range of scoreboards to suit every club, from school sides to representative teams.

**Our Australian Design Award-winning digital scorers are a simple, low-cost way to create highly visible and easily-operated scoreboards.**

Portable manual scoreboards are easy to move between different grounds and store after use. Made from heavy duty COLOR-BOND steel with space for sponsor's logo.

Off-the-shelf or custom-designed electronic scoreboards are ideal for larger clubs. Vandal-proof, optional radio-control operation and easily converted to winter sports.

Call us for an obligation-free quote.
